SB 200

Home Lift

SB200 is a screw driven vertical platform lift assembled using high quality materials and designed to meet the characteristics of ultimate performance and outstanding aesthetics. It is designed to use in private houses, cottages and apartment buildings.

SB200 can be installed into existing shaft or it's own shaft which is constructed of special multilayered steel sandwich type panels or glass panels.

A maximum of three doors may be installed on each floor with either left or right swing. The doors on the top floor stop may be designed in the form of gates. This type of construction

looks aesthetic and modern and gives a clear view of the surroundings.

A uniformly backlit control panel, with a comfortable handle below, contains large buttons with embossed symbols at a convenient height for accessing from sitting or standing positions. In case of a power outage, the operation of lift continue to work from a backup voltage source.

You can make your own lift solution by choosing from wide variety of accessories and options, such as different lightnings, door openers, comfort equipment.

**SB200 PLATFORM LIFT WILL ADVANCE YOUR HOME
AND MAKE EVERY DAY LIFE ENJOYABLE!**
